

What is "Seahawks Soar?"

It is an art program started by the EWMS Campus Enhancement committee that consists of:

- 1) A **sculpture** approximately 13 feet in height with a kinetic feature that includes the Seahawk Logo;
- 2) A second **Seahawk Logo** out of metal to be placed on the wall of the new gym (or other appropriate location);
- 3) A **"54" made of metal** to look like a lifeguard tower number that encapsulates the opening year of EWMS – 1954 and to be placed on the Elevator shaft;
- 4) Involving the EWMS students in the creation of the kinetic sculpture in some way (details TBD); and
- 5) The artist returning to the school in partnership with the art department so the students can work with a successful artist, learn how he got involved in his trade, and what it takes for him to create a piece of art.

Will you join us in making history with this groundbreaking project and partnership, and leaving a legacy for generations to come?

_____ Yes, count me in

All Donations are TAX DEDUCTIBLE!
